

# Gulf Oil Spill

**USF** UNIVERSITY OF  
SOUTH FLORIDA  
COLLEGE OF MARINE SCIENCE

**THE PALLADIUM**  
at ST. PETERSBURG COLLEGE

## From Crisis to Solutions

Since April 20, the Deepwater Horizon well has leaked millions of gallons of oil into the Gulf of Mexico -- making it the worst oil spill in US history.

How did this happen? What does it mean to Florida? How can we prevent another tragedy in the future?

**You are invited to a Community Forum  
at The Palladium**

**6-9 p.m., Tuesday, June 15**

**Free and Open to the Public.**

**The Palladium is located at 253 Fifth Ave. N.  
in Downtown St. Petersburg**
